“

As a newcomer to the arts sector, I found the support and knowledge sharing offered by CFG's arts and culture group invaluable. CFG has provided access to industry specialists to offer guidance on the hot topics ... And in these continuing uncertain times, having the support of colleagues and CFG has been a lifeline.

Director of Finance and Governance

“

I felt overwhelmed about the financial situation of my museum, and the options I had going forward. The support from the CFG helpline was just what was needed! ... Asking for help was easy, I felt supported and understood. For me and my museum, one phone call made all the difference.
